

Deltek Vision® 6.1 Fixed Price* Upgrade Package Service

Eliminate Upgrade Uncertainties with the Deltek Vision 6.1 Upgrade Package Service

BENEFITS OF UTILIZING THE FIXED PRICE PACKAGE UPGRADE:

- Minimize upgrade risks
- Accelerate upgrade process
- Predict and control migration costs accurately
- Speed user productivity on the new features
- Increase user confidence in Vision across the organization

A FASTER, EASIER UPGRADE PROCESS

The Deltek Vision 6.1 Upgrade Service is specifically designed to provide a cost effective and low risk method to help our customers quickly and efficiently upgrade from Vision 5.x to Vision 6.1. And with the help of Deltek's experienced professionals, you are ensured a faster, easier upgrade process.

PROVEN METHODOLOGY

The fixed price offering is based on our experience and proven methodology for upgrading to Vision 6.1. Through a combination of product expertise and Deltek developed tools and techniques, you are ensured a low risk, smooth and accelerated upgrade process. Not only will you be able to take advantage of the new features and enhancements faster, you'll also be able to benefit from the new technology available. The Smart Client and SQL Server architecture offers greatly improved overall performance and significantly increased flexibility in creating both simple and complex reports to meet your business needs.

Our fixed price upgrade package service allows you to accurately control and predict your cost of migrating from 5.x to 6.1. The package service includes all the necessary tools to get you up and running in 6.1 faster and more effectively than other methods.

We understand your time is valuable so we have included everything you need for success – a functional and technical assessment, detailed project plan, checklists, upgrade scripts and a familiarization session to get you up and running after the upgrade. We have also included project oversight to ensure success.

RAPID DEPLOYMENT– MITIGATED RISK

By taking advantage of Deltek's experience and expertise you are ensuring a rapid deployment with minimal risk. The robust upgrade package toolkit includes:

- Project Oversight and Coordination
- Deltek Expertise and Advice
- Technical Readiness Review
- Upgrade Project Plan
- Functional Test Plan
- In-depth familiarization session on New Features and Capabilities of Vision 6.1

WHAT THE FIXED PRICE PACKAGE OFFERS

TECHNICAL READINESS

Our Deltek System Solution Group consultants will perform a review of your current hardware and software environment to ensure all application system and performance requirements are met.

FUNCTIONAL REVIEW

We will review your current implementation and document any non-standard functionality such as reports, invoices and custom code and evaluate to see if any may be leveraged by new out-of-the-box functionality.

UPGRADE ASSIST

Our thoroughly tested upgrade scripts and techniques will quickly and efficiently upgrade all of your out-of-the-box Vision 5.1 and migrate it to Vision 6.1 test database. Our functional test plan provides assurance that your data integrity is maintained with the upgrade and provides confidence that all functions are performing properly.

VISION 6.1 FAMILIARIZATION AND OVERVIEW

We will perform a demonstration of the navigation and new features of Vision 6.1 (NTE 2 hours).

**FIXED PRICE PACKAGE UPGRADE SERVICE
INCLUDES**

- Upgraded 6.1 Test Database
- Readiness Checklist
- Upgrade Conversion Scripts
- Functional Test Plan
- Overview of New Features

*Any non-standard functionality is not included as part of the upgrade service to Vision 6.1. All non-standard and/or custom will be documented and a separate work estimate will be provided.
