

Vision 7

Why Upgrade?

Accomplish More with Vision 7

Your firm is always changing. How can it not? In the constantly evolving world we live in, advances in industry mean continued changes in your most critical business needs.

Deltek is dedicated to delivering solution and performance innovation to our clients—a commitment that can be proven in our latest release of Deltek Vision 7.

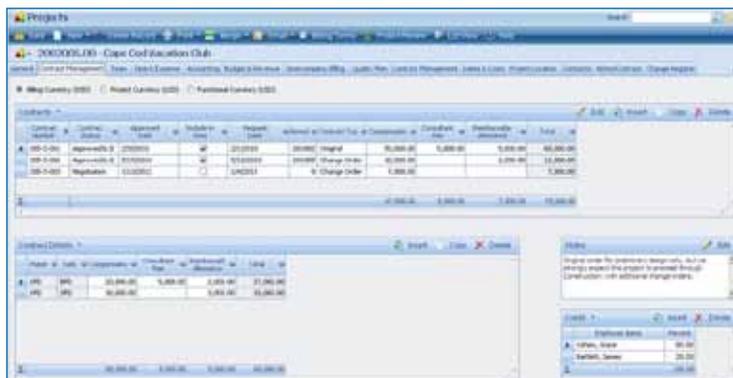

Deltek Vision 7: An Easy Upgrade for Enhanced Performance

Since its first deployment, Vision has seen significant changes that help keep its best-in-class title. Vision 7, however, is bigger and better than ever before, helping to keep your project and financial management more efficient, streamlined and accurate.

But the best part? Not only does upgrading from Vision 6.x to Vision 7 make sense, it's also fast and easy, requiring little to no change in your current technology or infrastructure! Deltek's new Vision 7 ensures your firm won't fall behind the changing market climate. Instead, it gives your firm the capabilities and power it needs to take advantage of today's most lucrative market opportunities.

Current Technology: The Ultimate Value Add For Your Firm

Vision 7 delivers a streamlined approach that is unmatched by any other solution on today's market. Your firm can quickly and easily upgrade to Vision 7, allowing you to improve efficiency, avoid risk and reduce overall cost within your organization.

Track the creation and management of client contracts with the new Contract Management capabilities.

Improve Efficiency

Helping you save time and money, Vision 7 improves your firm’s efficiency through:

- All-new Contract Management capabilities
- Faster accounting practices stemming from new Email EFT Remittances, Credit Memos and quick Online Check Review functions
- Fully customizable, User-defined Info centers that help you expand Vision to other areas of your business
- Extensive Performance Management visibility that includes CRM data, project planning and resource management data and time analysis information

Avoid Risk

When you fall behind technology advances, you introduce security risk into your project management processes, create unnecessary challenges for your IT department and generate potential liability for your firm as a whole. Deltek Vision 7 brings enhanced security, giving you powerful new search capabilities and updates to several roles within the organization—all from the easy-access of one simple screen. Deltek’s new Vision 7 delivers:

- Deeper analysis of security roles and reports
- Faster, simpler security audits
- Optimized Deltek support services
- Mitigation of firm-wide risk and exposure

Reduce Cost

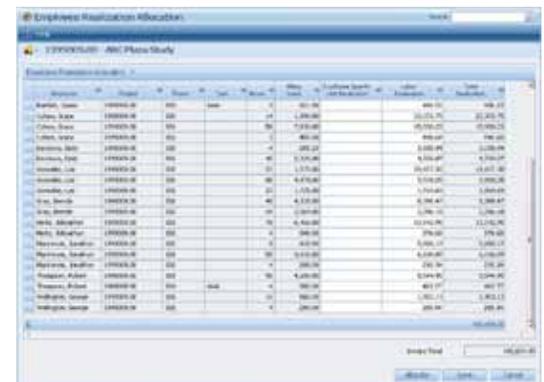

Outdated applications inevitably cause time-consuming ‘work-arounds’ that make your applications costlier than they need to be. Upgrading your current Vision instance with the new and modified features of Vision 7 brings

higher productivity to your users and eliminates the heavy maintenance burdens of your IT staff. Vision 7 reduces cost by:

- Improving billing steps with fast updates of billing statuses on multiple transactions
- Adding Fee-based Invoice Allocation for easier analysis of financial statements
- More accurately measuring Employee Realization and Profitability
- Enhancing Performance Management for stronger Business Intelligence analysis

One Simple Move to Better Project Management

When you consider the value that Deltek Vision 7 brings to your organization, it just makes sense—one easy upgrade creates a foundation for stronger, ‘less hassle’ project management throughout all levels of your firm. Because the move to Vision 7 can be done without major changes to your infrastructure, there’s no reason to delay. Move to Vision 7 today and promote easier, better project performance for you, your employees and your growing firm.

Measure the true revenue earned and profitability of employees with the new Employee Realization feature.

Deltek is the leading global provider of enterprise software and information solutions for professional services firms and government contractors.
